Green Meals produces, packages, and ships meals made up of all-natural ingredients. Each meal includes some a meat, vegetables, and a starch. The individual meals are very affordable, they can be bought in large quantities at one time, and they are also delivered to your door within two business days.

Based in the San Francisco Bay Area, we are a large company, with 20 different production locations in every corner of America so that the meals can be as fresh as possible when delivered to the customer.

We use only recycled, repurposed, and environmentally friendly packing materials when shipping our meals, reducing our overall carbon footprint.
